

# Material Safety Data Sheet (MSDS)

Report No.: AGC2014102001401

Date: 2014-10-28

Page 1 of 7

Applicant:

Address:

FuXing Road NO.058, HuangFanQu Area ZhouKou City HeNan Province China

Testing Company:

Attestation of Global Compliance (shenzhen)Co.,Ltd.

Testing Address:

Unit 2, Meihua Road 171, Shangmeilin Street, Futian District, Shenzhen City, China

## Report on the submitted samples said to be:

Sample Name :

Rose

Sample Model:

XML00136W

Sample Receiving Date :

Oct.20,2014

Testing Period :

Oct.20,2014-Oct.28,2014

\*\*\*\*\*

**Request:** As specified by the client, to edit Material Safety Data Sheet (MSDS) for the submitted sample.

## Section 1: Production Identification

## Section 2: Composition and Information on Ingredients

 Pure  Admixture 
**Composition:**

Chemical Name	Molecular Formula	In % by weight	CAS No.	EC No.
K12 Sodium dodecyl sulfate	$C_{12}H_{25}NaO_4S$	36%	151-21-3	205-788-1
Polyvinyl alcohol	$[C_2H_4O]_n$	17%	9002-89-5	209-183-3
Amylum	$(C_6H_{10}O_5)_n$	35%	9005-25-8	232-679-6
Methylparaben	$C_8H_8O_3$	0.2%	99-76-3	202-785-7
Propylparaben	$C_{10}H_{12}O_3$	0.4%	94-13-3	202-307-7
Olive oil	-	0.7%	8001-25-0	232-277-0
Glycerin	$C_3H_8O_3$	5.0%	56-81-5	200-289-5
Essence	-	0.5%	8023-88-9	290-278-1
Edible pigment	-	0.2%	-	-
Mineral oil	-	5.0%	8042-47-5	232-455-8

**Remark:** CAS: Chemical Abstract Service Registry Number.

EC: European Inventory of Existing Commercial chemical Substances

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. ## Section 3: Hazards Identification

For the rose, during normal use, there is no physical danger and chemical danger of hazardous materials' leakage. However, this product is flammable, if exposed to a fire, the dried flowers will fire. Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Possibility of skin sensitization. The preparation may also irritate the skin and prolonged contact may aggravate this effect.

## Section 4: First Aid Measures

As a general rule, in case of doubt or if symptoms persist, always call a doctor.  
NEVER induce swallowing in an unconscious person.  
In the event of exposure by inhalation:  
If a large quantity is inhaled, move the patient into the fresh air and keep him/her warm and still.  
In the event of splashes or contact with eyes:  
Wash thoroughly with soft, clean water for 15 minutes holding the eyelids open.  
Refer the patient to an ophthalmologist, in particular there is any redness, pain or visual impairment. Regardless of the initial state, refer the patient to an ophthalmologist and show him the label.  
In the event of splashes or contact with skin:  
Remove contaminated clothing and wash the skin thoroughly with soap and water or a recognised cleaner.  
DO NOT use solvents or thinners.  
In the event of swallowing:  
In the event of swallowing, if the quantity is small (no more than one mouthful), rinse the mouth with water and consult a doctor.  
Keep still. DO NOT induce vomiting.  
Call a doctor immediately and show him the label.

## Section 5: Fire Fighting Measure

**Danger characteristic:** This product is flammable, if exposed to a fire, the rose will fire.  
**Fire-fighting method:** The staff must equip with filter mask (full mask) or isolated breathing apparatus, wear clothes which can defense fire and toxic gases. Put out the fire in the upwind direction. Remove the container to the open space as soon as possible.  
**Fire extinguishing agent:** Foam, powder, CO<sub>2</sub>, sandy clay.

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by AGC, this document cannot be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.agc-cert.com>

## Section 6: Accidental Release Measure

Not relevant.

## Section 7: Handling And Storage

### Handling

#### Technical measures:

**Prevention of user exposure:** Not necessary.

**Prevention of fire and explosion:** Keep away from fire and heating sources.

**Precaution for safe handling:** Anyone with a history of skin sensitization must on no account handle such products.

**Storage attention:** Keep the sample in the cool, dry and well-ventilated place. Keep away from fire and heating sources. Keep container seal, Use ventilation facilities, Equip with relevant types and quantities of the extinguishment instruments. The storage place should be equipped with suitable shelter materials for divulgence handling.

## Section 8: Exposure Controls /Personal Protection

**Respiratory protection:** The work place keep well ventilated, wear qualified mask or face mask at work time.

**Eyes protection:** Goggles, equipped available and safety shower and wash eyes equipment.

**Body protection:** Wear work clothes, pay attention to protect bare skin.

**Hands protection:** Wear gloves

**Other Protections:** No smoking, dining and drinking water in the workplace. Keep good habit of hygiene.

## Section 9: Physical And Chemical Properties

**Appearance and characteristic:** Solid.

**Water solubility:** Insoluble.

**Color:** Rose pink

**Odor:** Fragrance

**pH:** Not Applicable

**Flash point (°C) :** NA

**Spontaneous ignition point (°C):** NA

**Upper explosion limit [% (V/V)]:** NA

**Lower explosion limit [% (V/V)]:** NA

**Remark:** NA: No date.

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by AGC, this document cannot be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.agc-cert.com>

## Section 10: Stability And Reactivity

**Stability:** Stable under normal temperature and pressure.

**Distribution of Ban:** Strong oxidizer.

**Conditions to Avoid:** High temperature heat source, fire source

**Decomposition Products:** CO, CO<sub>2</sub>

## Section 11: Toxicological Information

No data is available regarding the preparation itself.

Exposure to vapors from solvents contained in the preparation beyond the exposure limits stated may produce effects harmful to health, such as:

Irritation of mucous membrane and respiratory system, kidneys, liver and central nervous system.

Symptoms produced will include headaches, numbness, dizziness, fatigue, muscular asthenia and, in extreme cases, loss of consciousness.

Prolonged or repeated contact with the preparation may strip the skin of its natural oil and thus cause non-allergic dermatitis on contact and absorption through the epidermis.

Splashes in the eyes may cause irritation and reversible damage

## Section 12: Ecological Information

No information is available about this product's ecological data.

This product is not allowed to discharge into the sewer or/and rivers.

Mobility: not available

Persistence and degradability: Not available

Bioaccumulative potential: Not available

Ecotoxicity:

Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

## Section 13: Disposal Considerations

Do not put into drains or waterways.

**Waste:**

Recycle or dispose of waste in compliance with current legislation, preferably via a certified collector or company.

Do not dispose of waste into the environment. It is suggested that use the method of burning.

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by AGC, this document cannot be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.agc-cert.com>

**Soiled packaging:**

Empty container completely. Keep label(s) on container.

Give to a certified disposal contractor.

## Section 14: Transport Information

**Packaging Method:** Not available

**Transport Fashion:** Seaway

**Transport Attentions:** Examine whether the package of the containers are integrate and tighten closed before transport. No divulgence, no collapse, no precipitation or no damage during the course of transportation. Corresponding varieties and number of fire equipment and spill contingency processing equipment should be equipped during the course of transportation. Strictly prohibit put the goods together with oxidizer, acid, etc. for transport. The transport ship must be cleaned and sterilized otherwise it is not allowed to assemble other articles. During transport, the goods should prevent exposure, rain and high temperature. Keep away from fire. Don't use engine device and tools which can easily produce spark for loading.

## Section 15: Regulatory Information

**Regulatory Information:**

ISO 11014-2009 Safety data sheet for chemical products - Content and order of sections.

Regulation (EC) No. 1272/2008 Classification, Labeling and Packaging of Substances and Mixtures.

## Section 16: Other Information

The above information is based on the data of which we are aware and is believed to be correct as of the data hereof. Since this information may be applied under conditions beyond our control and with which may be unfamiliar and since data made available subsequent to the data hereof may suggest modifications of the information, we do not assume any responsibility for the results of its use. This information is furnished upon condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose.
